

## South Darley Parish Council is looking for residents to host a tree for the future

Our parish is blessed with beautiful countryside, characterised by mature trees.

We would like to protect this character for future generations. We are looking to plant a new generation of mature, standard trees in our landscape to replace natural wastage, disease and felling. The parish council will plant the tree and provide the necessary protection from grazing stock and wildlife.

If you have any land and would like to help, please get in touch:  
[clerk@southdarleyparishcouncil.gov.uk](mailto:clerk@southdarleyparishcouncil.gov.uk) or call **07722 246851**.
